

SEND Information Report

September 2023 – July 2024

Christopher Rawlins CE Primary School

At Christopher Rawlins we are a school community rooted in love, where we make wise choices about our learning, and have the confidence to do the right thing for ourselves and others.

Our vision has its foundation in Paul's prayer for the Christian community in Ephesus, focused on Ephesians Chapter 3 verse 17.

“Stand firm and be deeply rooted in love.”

The SEN Information Report is based on the requirements set out in [schedule 1 of the Special Educational Needs and Disabilities \(SEND\) Regulations 2014](#) and [paragraphs 6.79-6.81 of the SEND Code of Practice](#).

This report sets out information about our provision for children with special educational needs (SEND). This report is updated annually.

Date the SEND policy was agreed by Governors: July 2024

The kinds of special educational needs that are provided for at our school

Christopher Rawlins CE Primary School is an inclusive mainstream school. We fully comply with the requirements outlined in the Special Needs Code of Practice (2014). Staff have training and experience to be able to meet the needs of learners who may have difficulties with:

- **Communication and interaction needs;** this includes speech, language and communication difficulties including autistic spectrum conditions
- **Cognition and Learning needs;** this includes children who have learning difficulties and specific learning difficulties like dyslexia, dyspraxia and dyscalculia
- **Social, Emotional and Mental Health needs;** this includes children with neurodiverse conditions such as ADHD
- **Sensory and/or Physical Needs;** this includes children who have visual or hearing needs, or a physical disability that affects their learning

Children on our current Special Educational Needs (SEN) register have needs in some or all of the four areas listed above. We will always make reasonable adjustments to our practices in order to comply with the Equality Act of 2010 (e.g. providing an additional adult to accompany a child on an out of school visit.)

The school work closely with a range of professionals to ensure that our children have the best provision possible to meet their needs in all four areas. We ensure that the teachers and teaching assistants have the skills that they need to teach the range of SEN in their class through teacher training and professional development. In addition to using our staff expertise, we work closely with range of outside agencies from education, health and social services to support a wide range of special educational needs.

Our Special Educational Needs Co-ordinator (SENCo) is: Mrs S Druce. Mrs Druce can be contacted through the School Office: 01295 810497 or senco@christopher-rawlins.oxon.sch.uk

Our Governor with responsibility for SEND is: Mr D Roberts

Our SEND policy can be found [here](#)

Our Equality Objectives can be found [here](#)

How do we identify and give extra help to children and young people with SEND?

The school uses Oxfordshire County Council's guidance "Identifying and Supporting Special Educational Needs in Oxfordshire Schools and Settings." The guidance sets out:

- How we identify if a child has a special educational need.
- How we assess children and plan for their special educational needs, and how we adapt our teaching.
- Ways in which we can adapt our school environment to meet each child's needs.
- How we review progress and agree outcomes and involve you and your child in this.

Click [here](#) to read it:

As an inclusive school community, we know and value all of our children. The first response of support is high quality targeted teaching by the class teacher. Where progress continues to be less than expected the class teacher will discuss their concerns with the SENCo.

In deciding whether to make special educational provision, the teacher and SENCo will consider all of the information gathered from within the school about the pupil's progress, alongside national data and expectations of progress. This information gathering will include an early discussion with parents/carers and where appropriate the child.

There begins a four-part cycle (assess, plan, do, review) through which earlier decisions and actions are revisited and revised. This leads to a growing understanding of the pupil's needs and what supports the pupil in making good progress and securing good outcomes. This is known as the graduated approach. It draws on more detailed approaches and more specialist expertise in successive cycles. If the support needed can be provided by adapting the school's core offer, then a child might not be considered SEN or placed on the SEN register.

If, however, the support required is different from or additional to what is ordinarily offered by the school, the child will normally be placed on the SEN register at "SEN Support". The school will then seek to remove barriers to learning and put effective special educational provision in place. Particular care is taken when identifying and assessing SEN for children whose first language is not English. Further details can be found in the school's SEN policy which can be found on the school website.

For a very small percentage of pupils, whose needs are significant and complex, and the SEN Support required to meet their needs cannot reasonably be provided from within the school's own resources, a request will be made to the local authority to conduct an education, health and care needs assessment. This may result in an Education, Health and Care Plan (EHCP) being provided.

Arrangements for assessing and reviewing pupils' progress towards outcomes

We have rigorous ongoing teacher assessments and termly pupil progress meetings with members of leadership team to identify those pupils making less than expected progress. These assessments include a range of processes for teachers to gather information including formalised assessments, the pupils work, observations, discussion with pupil and the parents/carers.

For pupils on the SEND register, outcomes and targets are set on Pupil Profiles, and these are discussed with the pupil and their parent/carer at least three times a year and targets, provision and outcomes are adjusted as necessary.

How do we work with parents, children and young people?

We operate an open-door policy where parents are strongly encouraged to come into school to speak to the class teacher or the SENCo if they have concerns about progress or SEN provision for their child. We share feedback about the children's learning on an ongoing basis with parents and formally at the termly parents' consultation meetings and/or SEN reviews. At these meetings we share next steps in learning and also discuss ways in which parents can support their child's learning at home. General information regarding the curriculum and learning is available on the school's website.

Pupils are consulted formally three times a year as part of their SEN review where we update the child's pupil profile, and this is shared with parents. Class Teachers engage pupils in discussion about their learning regularly and a reflective and evaluative approach is encouraged based around the pupil's skills and interests.

Termly pupil progress meetings in school include the leadership team and progress is measured against national data and based on age and starting points. Termly reviews and target setting meetings are planned to coincide with parents' evenings and/or SEN reviews where possible. Some children may need more frequent reviews or at times to coincide with assessments from outside agencies. We use a four-part cycle of assess, plan, do, review through which earlier decisions and actions are revisited, refined and revised. This leads to a growing understanding of the pupil's needs and what helps them to make progress and secure good outcomes. This is known as the graduated approach. Discussions will include what each stakeholder can do in order to make a positive contribution. The class teacher and SENCo are available to advise parents/carers on how they can positively engage in their child's learning and all-round development. A strong home-school working relationship, with the child at the centre of the process, is key to our whole school approach to SEN.

Arrangements for supporting children in moving between phases of education

We aim to ensure all learners and their families feel welcome and to quickly become part of our school community. We work closely with parents/carers to personalise arrangements for each child to ensure transition is as smooth as possible. Our pupil records detail what strategies help a child to learn, and this information is passed on at transition. We have very good relationships with our local primary and secondary schools and staff visit to meet pupils and share information. We encourage all new children to visit the school before starting. For children with SEND, where possible, we

have planned transition meetings with the previous school to ensure that we are well prepared to meet the additional needs of the child starting at school. Where necessary, staff make additional visits to schools with individual children to alleviate anxieties. Parents are invited to discuss choices for schools. For children with an Education, Health and Care plan the Y5 annual review meeting is used to discuss options for the change of setting into secondary provision. We begin to prepare young people for transition into Year 7 by liaising with secondary schools to plan a transition programme for children with SEND to ensure that they are appropriately prepared, independent and confident for their transition into Year 7.

The approach to teaching children and young people with SEN

Every teacher is a teacher of every child including those with SEN. We believe that all children have the right to a broad and balanced curriculum. High quality teaching, differentiated for individual pupils, is always the first step in responding to pupils who have SEN. All staff members are committed to creating an inclusive learning environment in their classrooms believing this to be the key to ensuring children with SEN and/or disabilities are making good progress and eliminating underachievement. We also recognise there are times when some children require a more personalised curriculum and support in a quieter workspace free from distractions. Every child, including those with SEN, is an individual and is treated as such. Support and intervention for children on the SEN register is planned to meet their individual needs. We take a holistic view to supporting children with SEN, encouraging participation in the wider school curriculum. We work alongside other agencies to provide support for those children whose needs require multiagency partnerships. Support in school can take many forms such as adult support in class, additional resources, access to IT or supporting the use of auxiliary aids.

How adaptations are made to the curriculum and the learning environment of children with SEN

All teachers match the tasks, support and resources to the differing needs of the children. All our teachers are clear on the expectations of quality first class teaching. This is monitored by the leadership team and the SENCo. Where appropriate the curriculum is personalised, and individual learning targets are set.

Additional support for learning that is available for pupils with SEN

Teachers plan lessons to accommodate differing learning styles and to engage auditory, visual and kinaesthetic learners. When a child with complex SEN needs meets the criteria of disability the school will comply with its duties under the Equality Act 2010. Reasonable adjustments will always be made to enable access to all areas of the school curriculum for pupils and their parents/carers with a disability (e.g. adapted seating in the classroom). Where there are concerns of safety and access, further consideration is given to planning for an activity and where applicable parents/carers are consulted and involved. If necessary additional staff members are provided to ensure SEND pupils can be included and risk assessments are carried out. We have an Accessibility Plan; you can read it [here](#). The school aims to improve access over time.

We value and respect diversity in our setting and do our very best to meet the needs of all our learners and their families.

Some of the additional intervention groups we offer to support children with their Literacy skills including phonics, reading and writing are:

- Catch up ELS phonics
- Literacy Gold
- Precision Teaching

Some of the additional intervention groups we offer to support children with their language and vocabulary development are:

- Wellcomm
- Spirals groups
- Language for Thinking
- Treasure Trove

Some of the additional intervention groups we offer to support children with their Maths and number skills are:

- Numicon groups
- Number Stacks

Some of the additional intervention groups we offer to support children with gross and fine motor skills are:

- Write from the Start
- Warwickshire Occupational Therapy resources

Some of the additional interventions we offer to support children with social, emotional and mental health needs are:

- Nurture TA targeted one-to-one sessions
- Time to Talk
- Socially Speaking
- Starving the Anxiety Gremlin
- ELSA Support

The expertise and training of staff to support children with SEN, including how specialist expertise will be secured.

We have staff who are trained to deliver evidence-based interventions to support children in reading, writing and maths. Additional programmes recommended by external agencies are also in place to support social skills, handwriting and fine motor skills where needed. Where it is deemed that external support is necessary, we discuss any referrals with parents in the first instance and only proceed with parental consent.

In addition, the school accesses advice from, the Educational Psychology service, the SENSS Communication and Interaction Support Team, Hearing Impairment and Physical Disabilities team, Occupational Therapy service, Speech and Language

Therapy service, Child and Adolescent Mental Health Services (CAMHS), Locality Community Support Service and Children's Social Care.

Information about these services and what they offer can be found on the [Oxfordshire County Council SEND web pages](#):

We always discuss the involvement of specialist SEND services with parents first. We also work with other services and organisations that are involved with a family, with the family's permission.

Our SENCo works alongside our Headteacher Mrs L Murrey to lead SEN across the school. Mrs Murrey has specialist training in Literacy Difficulties.

All staff have received awareness training in Autism, including additional sessions to support staff and students effectively. Some of our Teaching Assistants are trained to provide Occupational Therapy interventions and Speech and Language Interventions. During the academic year 2023 – 2024 staff received training in:

- Behaviour as Communication
- Team Teach and De-escalation
- Understanding attachment and connection
- Emotional and Behavioural regulation through the six points of crisis
- Social, Emotional and Mental Health

All Teaching Assistants are trained to support the particular needs of the children with whom they work with.

Our SEND Governor attends training provided by ODST. Our SEND Governor makes regular monitoring visits to the school.

The teaching team have had additional training on the SEN Policy, sensory differences, inclusive practice and support on delivering high quality SEN reviews.

How equipment and facilities to support children and young people with SEN will be secured

When needed, and through consultation and support from the appropriate outside agency professional service, additional equipment and/or facilities will be sourced for children. These resources will be dependent on the need of the child, and the school will work hard to remove any physical barrier to learning and gather equipment necessary to support access to the school and education. These resources could include noise cancelling headphones, writing slopes, pencil grip adaptations, use of ICT, reading frames etc.

Additional Funding or an Education and Health Care Plan will be sought if spending to meet the need of the child exceeds the SEND allocated budget. The School Business Manager, Governors and the school's SENCo monitor the budget for SEN provision closely to ensure the best use of resources.

Evaluating the effectiveness of the provision made for children with SEN

The head teacher and the leadership team regularly monitor and evaluate the quality of provision for all pupils. The SEN governor meets the SENCo termly and visits the school regularly. The school aims to use interventions in school that have proven outcomes and are evidence based. The impact of SEN provision on the progress and outcomes for children on the SEN register is measured through:

- Analysis of pupil tracking data and test results at pupil progress meetings
- Progress against national data
- How children progress in interventions groups
- Progress against individual targets
- Pupils' work and interviews
- Monitoring and Learning Walks

Each year we review the needs of the cohort to see if there is a change in the overall make-up of the school. Decisions are then made as to whether any changes to provision or support need to be made.

The governing body receives reports six times a year as part of the Headteacher's report at Local Governing Body meetings. As well as summarising the needs and numbers of children at SEND support level the report evaluates the success of the education that is provided for pupils with SEND.

How children with SEN are enabled to engage in activities available with children in the school who do not have SEN

We are committed to giving all our children every opportunity to achieve their potential and develop as well-rounded individuals. We have a whole school approach to inclusion which supports all learners engaging in activities together. Any barriers to learning or engagement in the wider curriculum are reviewed with discussions on what can be done to overcome these. We always make reasonable adjustments so that all learners can join in with activities regardless of their needs. The head teacher monitors attendance at after school clubs and pupils with SEN are actively encouraged to choose a club.

Support for improving emotional and social development.

The children's well-being is at the heart of everything we do. The needs of all children are known by staff who are able to provide an extremely high standard of pastoral support. The school's Behaviour Policy, which includes guidance on expectations, rewards and sanctions, is fully understood and adhered to by all staff. All children have the opportunity to share their views through the School Council representatives.

All classes have regular opportunities to check-in and are able to share with their class teacher how they feel each day. Children then benefit from 1:1 time with an adult if they have identified that they need additional support for that day.

We listen to the views of children with SEND through the pupil voice section on the Pupil Profile that is filled in with the child, or independently before a review meeting.

We take bullying very seriously. We help to prevent bullying of pupils with SEND by providing awareness and training to all school staff on the understanding of our anti-bullying policy, procedures and responsibilities. We regularly review school policies and ensure that all our pupils are protected from discrimination and bullying on the grounds of disability. As part of our whole school PSHE programme we have an anti-bullying week with themed activities and assemblies.

We regularly monitor attendance and take the necessary actions to help improve both attendance and punctuality.

The school has an ELSA (Emotional Literacy Support Assistant), who focus on intervention for pupils who require support with their emotional Literacy and social, emotional and mental health. They work closely with class teachers and the Leadership Team to offer additional support for children in class and in intervention.

All children are included in activities and trips following risk assessments where needed and in accordance with duties under the Equalities Act 2010. We talk to parents when planning trips so that everyone is clear about what will happen.

There is information about activities and events for disabled children and those with [SEND in Oxfordshire in the Family Information Directory](#)

Oxfordshire's accessibility strategy can be read [here](#)

How the school involves other bodies, including health and social care bodies, local authority support services and voluntary sector organisations, in meeting children's SEN and supporting their families.

The SENCo attends annual multi professional planning meetings to discuss school priorities and how other professionals can help to support pupils with SEN. When specialist support is required, beyond that which the school is able to offer, an individual referral will be made where necessary. In these cases, parents will be consulted and consent sought. We have established relationships with a range of professionals in health and social care. These include educational welfare, school nurses, social workers, behaviour support services and educational psychologists.

We have a particular duty in ensuring that Looked After Children are given the appropriate support and care to help support their progress and engagement with learning. When Looked after Children attend our school, we do our utmost to ensure they fulfil their potential. We work alongside the virtual school for Looked after Children, attend review meetings with social services and maintain a Personal Education Plan (PEP).

Parents also have access to Oxfordshire Councils Local Offer, which is an online resource that details services, support and guidance available to children and young

people with special educational needs and disabilities (SEND) aged 0-25 and their families. Please see the link below:

<https://www.oxfordshire.gov.uk/residents/children-education-and-families/education-and-learning/special-educational-needs-and-disability-local-offer>

Additional external support services for parents/carers of pupils with SEND:

- Free, Confidential and Impartial advice can be sought from SENDIASS Oxfordshire (formerly Parent Partnership Service) contact <http://schools.oxfordshire.gov.uk/cms/content/sendias-oxfordshire-formerly-parent-partnership>
- If you'd like to know more about opportunities for children and young people with SEND and their families, support groups or information about SEND these are listed in the Family Information Directory: <http://fisd.oxfordshire.gov.uk/kb5/oxfordshire/fsd/disabilities.page>
- Oxfordshire's Local Offer contains lots of information for parents. <https://www.oxfordshire.gov.uk/residents/children-education-and-families/education-and-learning/special-educational-needs-and-disability-local-offer>

Arrangements for handling complaints from parents of children with SEN about the provision made at the school

We urge parents/carers with any concerns regarding the SEN policy or the provision made for their child to speak to us as soon as possible. In the first instance, please speak to the class teacher or the SENCo. If parents/carers feel their child's needs are still not being met, they should make an appointment to see the Head Teacher.

Who to contact

If you have initial concerns about a child already attending our school, please contact their **class teacher** in the first instance. You can ring school on **01295 810497** to make an appointment.

You can contact our SENCo **Mrs Druce** either by phoning the school number 01295 810497 or emailing her at senco@christopher-rawlins.oxon.sch.uk

If you'd like to share feedback, including compliments and complaints about SEND provision contact: **Mrs Murrey**. We aim to respond to any complaints within 5 working days.
