

Spring Term Homework Grid Year 3 and 4

Here are your homework tasks for the Spring Term. Please complete 3 tasks from the grid below. We would like you to bring the first one of these to school in the last week of Term 3 ready to share on the 9th February. Then the other two in the week commencing 15th March, to share on the 28th March. Try to do a variety of tasks and present your work in an interesting and creative way. We look forward to seeing all your amazing work. You can, of course, do as many as you like.

<p>Make a model of a volcano using materials of your choice.</p>	<p>Create an A-Z of words linked with natural disasters.</p>	<p>Take a tour of your home and make an inventory of all the electrical items per room.</p>	<p>Create a survival kit of essential items for a family following a natural disaster.</p>
<p>Create an acrostic poem for one of the following words: Earthquake Volcano Tsunami</p>	<p>Research a natural disaster of your choice and create a fact file or poster about it.</p>	<p>Produce a poster about electrical safety and what to do if there is a fault.</p>	<p>Make a delicious dish without using any electrical devices and take a photograph.</p>
<p>Design a storm shelter labelling the diagram with the materials you would choose.</p>	<p>Make a twister in a bottle and record the footage. Here's a link: Make a Tornado in a Bottle - Fun Science Experiments for Kids (sciencekids.co.nz)</p>	<p>Research what life was like before electricity.</p>	<p>Choose a natural disaster and produce a piece of artwork inspired by it.</p>
