

Sports Premium funding 2025 – 2026

Sports Premium spending 2025/2026

Allocation: £18,050

CPD	
External CPD courses	1,000
Upskilling staff to deliver swimming	460
Internal learning and development	14,240
Inter school development	690
Total	16,390

Internal activities	
Internal membership fees	200
Internal educational resources	0
School based extra curricular opportunities	1,590
Total	1790

External activities	
External other inter-school sports competitions	1450
External coaching	500
Total	1950

Total spend academic year 2025/2026	20,130
-------------------------------------	---------------

CPD

This year, our PE Mentor has worked with staff across the school with a particular focus on EYFS, modelling and supporting staff to deliver high-quality teaching, using our school's Complete PE scheme, in areas such as gymnastics, dance, OAA and team building, and games. This CPD has continued to develop teacher confidence, including among experienced staff, and helped adapt Complete PE lessons to suit the needs of our children, space, and available resources.

Targeted training and support has continued:

- 2 teachers are now trained to deliver swimming lessons under the new Swim England guidance.
- 1 TA has received specific PE training to develop their support for children with SEND in PE lessons, and in how they can adapt this knowledge to support them in other curriculum areas.

Sensory circuits have been established, with the PE Mentor and TAs setting up resources and the SENCO has identified pupils who benefit. These sessions are now running successfully. The PE Mentor, SENCO and PE lead have identified pupils who need further support with their gross and fine motor movements and coordination, and have established KS1 and KS2 intervention 'clubs' to support these pupils.

Internal activities

Through our membership with North Oxfordshire School Sports Partnership (NOSSP) we benefit from access to professional development via Association For Physical Education (AfPE) and Youth Sports Trust (YST). This has enabled our PE Lead to stay up to date with current initiatives, such as the enrichment framework and Physical Literacy which we will look to develop further in our school curriculum.

We continue to use the Complete PE scheme to ensure clear progression of skills across all year groups. Monitoring in both KS1 and KS2 shows teachers are delivering consistently good lessons. The assessment tools within Complete PE support effective tracking of pupil progress and help identify pupils needing extra support.

Current data shows high levels of attainment, with over 80% of pupils achieving expected levels.

Our PE Mentor has trained up Y6 pupils as Playground Leaders, planning and leading lunchtime activities on a daily basis for Y1 and Y2 pupils. Quote from a leader 'it has built my leadership skills' 'I have learnt to listen to everyone's ideas and compromise'. Quote from a Y2 child 'I enjoyed being with the year 6 and playing the games, especially the obstacle course.'

Ricky's Dance Day was enjoyed by all children and pupil voice indicates this. It has been especially positive for our boys who have commented on how much they enjoy the day, and are already looking forward to next year's dance. It has increased their engagement with this PE unit and their confidence to lead a whole school dance for our sports day opening ceremony.

Mike Mullins, a BMX World Champion came in for a day and inspired our pupils to develop life skills through his BMX skills. He thoroughly engaged the children with his tricks, life story and through them having a go at BMXing, developed their resilience, courage to try new things and self-belief and confidence.

Banbury Hockey Club have worked with our Y5/6 pupils to develop their teamwork, confidence and resilience through hockey. They also offered great CPD for staff. Our children then felt well prepared and excited to take part in the Warriner hockey festival against other schools.

Our sports council have been great advocates and role models for the power of PE and movement this year, using their pupil voice to plan and lead activities across the school such as sports day and Santa Fun Run for Katherine House Hospice.

External activities

This year, all KS1 and KS2 pupils were invited to take part in a range of inter-school competitions or festivals including mutiskills, dance, cricket, golf and athletics. Events such as benchball and dodgeball focus on physical literacy and to engage less active, less confident, and SEND pupils. These were very well received—one child described it as "the best festival ever!" We have included this in our curriculum plan moving forward.

This year we entered a boys and girls team in the Banbury Football League leading to our girls team reaching the semi-final and North Oxfordshire finals.

Thanks to our NOSSP membership, we've benefited from external coaches running after-school clubs including Tag Rugby for KS2 and a girls-only rugby club. Youth Activators have offered targeted and after school clubs for girls as well as curriculum support.
